

# 530

## Premium Woven Building Wrap

**RainBuster 530** offers superior quality and value in a woven building wrap. As part of the RainBuster Leak Free Weatherization System, it functions as a secondary barrier behind exterior cladding, providing wall protection against water and air infiltration. RainBuster 530 features a woven and coated polyethylene matrix for superior water resistance and strength. In addition, it features a micro-perforated surface, providing vapor permeability to further promote dry wall structures.

### Features:

- Premium, Value Driven Performance
- Woven, Micro-Perforated
- Meets or Exceeds ICC-ES AC 38
- Rated for 12 Month UV Exposure
- Meets and Exceeds Water Resistance Standard ASTM D 779 (60 minutes)

# 530

# RAIN BUSTER®

Since 1983

RainBuster 530 is part of the RainBuster Leak Free Weatherization System. It is designed to integrate with the RainBuster Window Installation System, and RainBuster sealant and flashing, to provide a complete specified envelope solution. Use of the complete system results in a 30 Year Parts & Labor System Warranty.

**Availability:** RainBuster 530 Premium Woven Building Wrap is available in 9'X 150' rolls (56 rolls per pallet).

**Storage:** Store in a cool, dry place.

**Authorizations:** Complies with ICC-ES AC 38.

**Ideal Uses:** RainBuster 530 is ideal for use as a premium, value driven building wrap on varied structures including single and multi-family residential. It is designed for use behind various cladding including siding, stucco and brick. RainBuster 530 is part of the RainBuster Leak Free Weatherization System which includes the RainBuster Window Installation System.

**Installation:** Please see RainBuster 530 Installation Guidelines for details. For professional use only. Top Industrial offers complimentary expert field support & training to architects, builders, consultants, and installers. Please contact Top Industrial for additional information.

**Enhanced System Warranty:** When RainBuster 530 is used as part of the complete RainBuster Leak Free Weatherization System, a 30 Year Parts & Labor System Warranty is provided. To qualify, RainBuster 530 must be installed according to RainBuster 530 Installation Guidelines, and must be used in combination with the RainBuster Window Installation System (RainBuster 450 Sealant, RainBuster Flashing(s), and RainBuster installation procedure). Please contact Top Industrial for additional information.

**Limited Lifetime Warranty:** Top Industrial, Inc. warrants this product to perform as described on its package and associated data sheet for a period of 100 years from the date of purchase. Upon proof of purchase, Top Industrial's sole liability, expressed or implied, shall be to replace product proven defective and is limited to the stated selling price. This warranty is not transferable from the original purchaser. In no event shall Top Industrial be liable for consequential or incidental damages, resulting from the use of its products.
